Hey Families!

This November, our Elementary Keiki will be doing their very own outreach!

We will be assembling Blessing Bags for the homeless the first two weeks in November, culminating with an outreach on Saturday, November 18th. We will be asking your children to bring in various items each week in October.

We'd love your help in making this exciting outreach happen as we instill in our kids that we are blessed to be a blessing! Feel free to bring your donations in all at once or as suggested on the reverse side of this page. Thanks for allowing us to partner with you in training our kids to change their world!
